

Lucity Roundtable Discussion Group

City of Newark, Ohio

Lindsey Brighton

2016 Lucity Annual Conference & Training (ACT)

September 11 - 14, 2016 | Orlando, Florida

Items to Discuss

- ▶ Background
- ▶ Creating the roundtable discussion group
- ▶ How the discussion groups operated
- ▶ Sample agendas
- ▶ Results
- ▶ Future meetings

Background

The City of Newark and Lucity

Where is Newark, Ohio?

- ▶ 40 mins east of Columbus
- ▶ County seat of Licking County

A Little About Newark

- ▶ Population: 47,573
- ▶ Area: 21.37 square miles
- ▶ Claim to Fame: World's Largest Basket

Overview of Lucity at Newark

▶ The Beginning

- ▶ Asset management began in the water office - 1999
 - ▶ gbaMS (Lucity)
 - ▶ GIS

▶ Currently

- ▶ 4 clients
- ▶ 46 active users
- ▶ 7 different departments
- ▶ Custom web map integrated with Lucity

Modules We Use

- ▶ Water
- ▶ Sewer
- ▶ Storm
- ▶ Transportation
- ▶ Fleet
- ▶ Facility
- ▶ Work

Creating the Roundtable Discussion Group

What prompted it?

Issues We Were Dealing With

- ▶ Inconsistent data
- ▶ Lack of data maintenance
- ▶ Recurring problems in different departments
 - ▶ Different people would call Lucity tech support with the same problem
- ▶ Not knowing where to turn to with issues
 - ▶ Lucity vs IT
- ▶ No one cared!

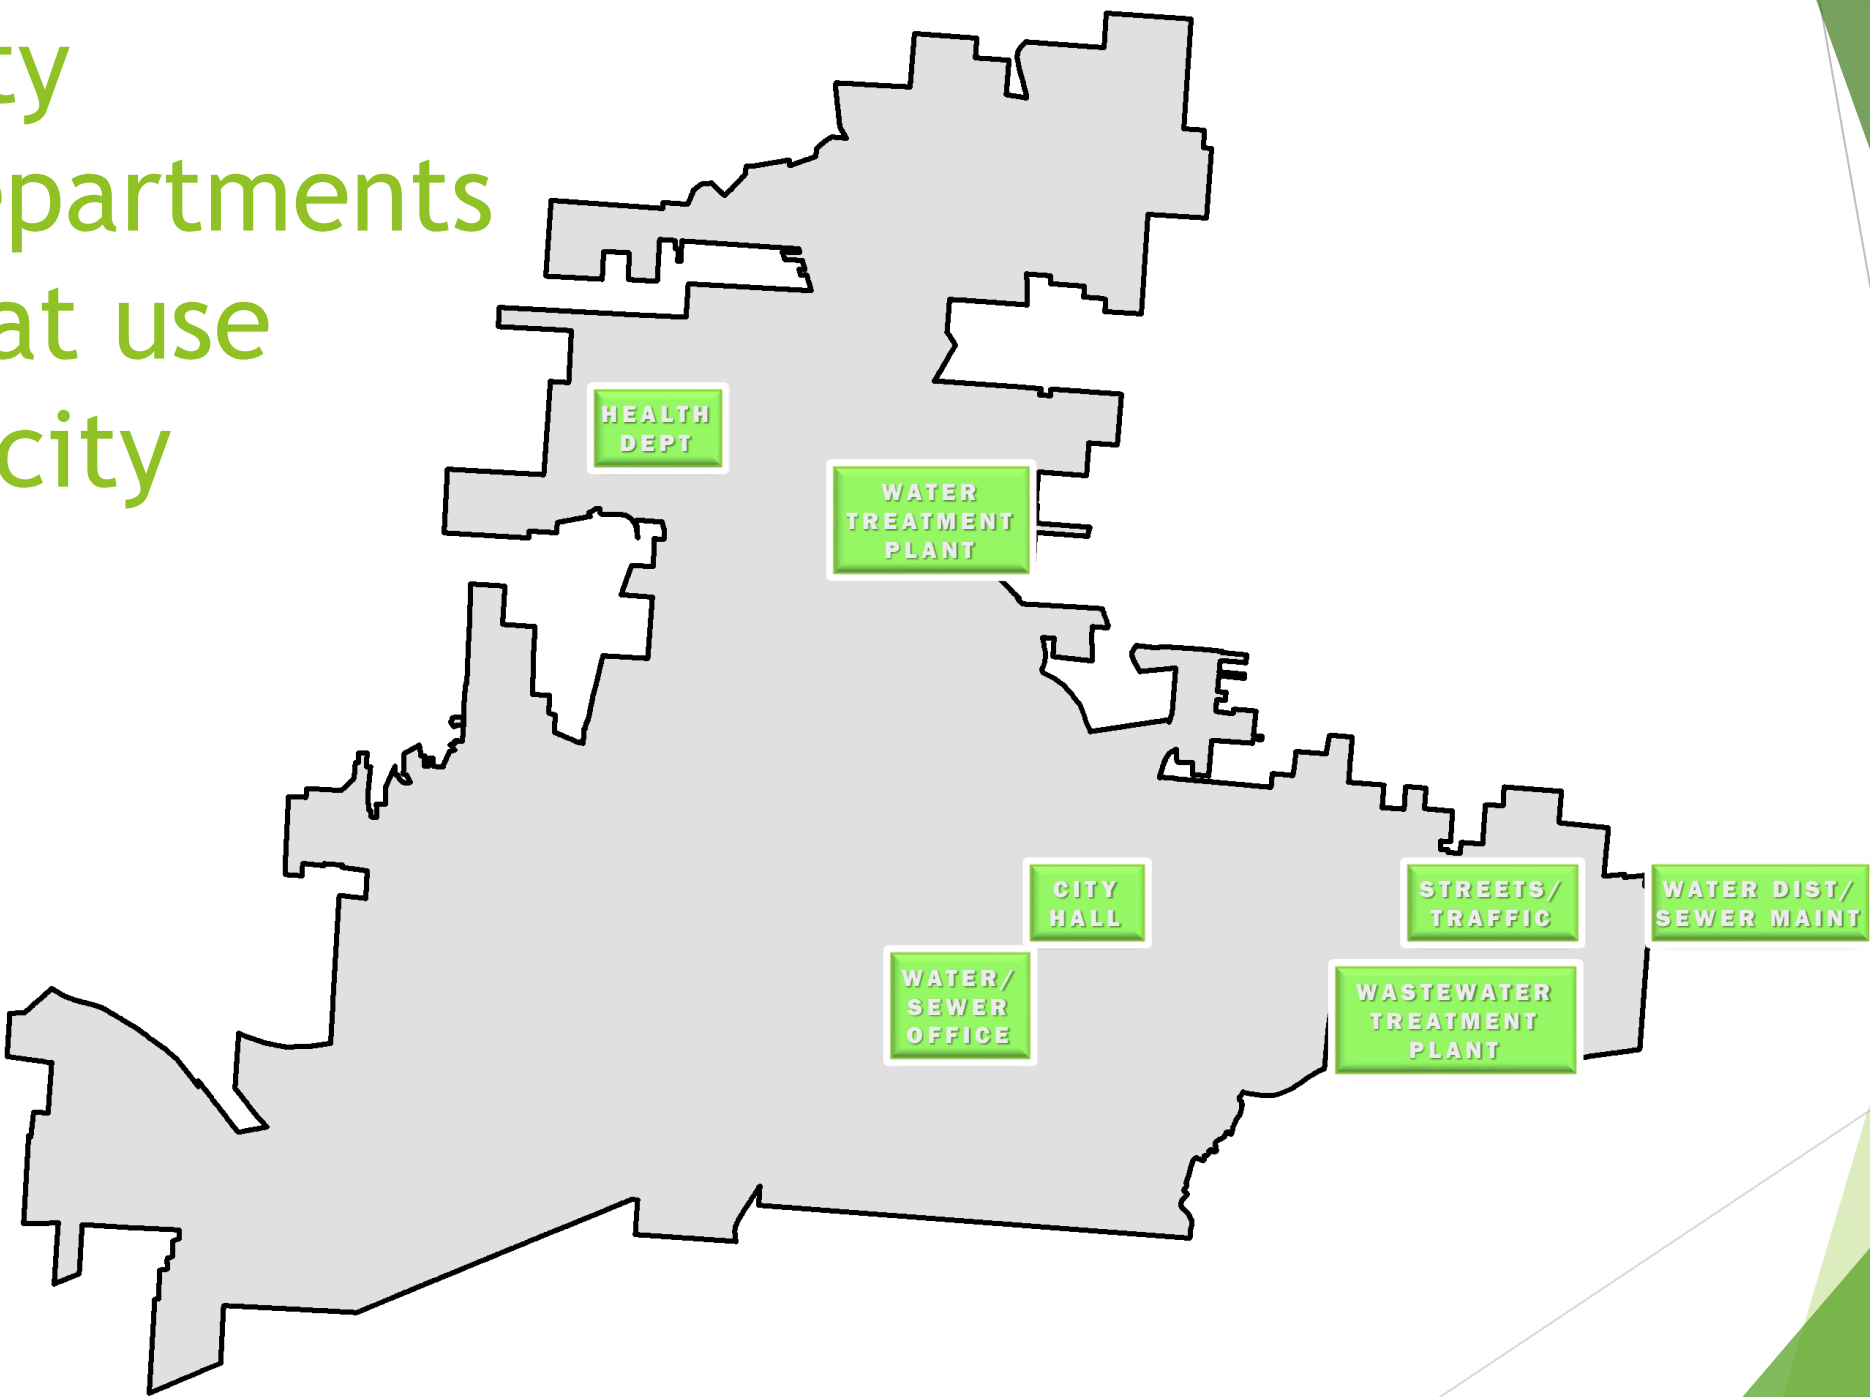

Varied Skill & Training Levels

- ▶ Formal training from Lucity isn't for everyone
 - ▶ It's overwhelming & too technical for some
- ▶ Training gaps
 - ▶ Newer employees have never been trained
- ▶ Varying levels of computer competency

Lucity Users Spread Across the City

- ▶ Scattered in different locations
- ▶ No interaction
- ▶ Lack of communication between departments
 - ▶ Different bosses
 - ▶ Different schedules, etc.
- ▶ Work flows are connected
 - ▶ Example: street department bills stormwater with work orders

City Departments that use Lucity

How the Discussion Groups Operated

What happened during the meetings?

General Operation of Meetings

- ▶ First meeting in January, 2015
- ▶ Started with monthly meetings
- ▶ Eventually went to quarterly meetings in 2016
- ▶ All work done in training module
- ▶ Meetings were informal
 - ▶ Encouraged interaction

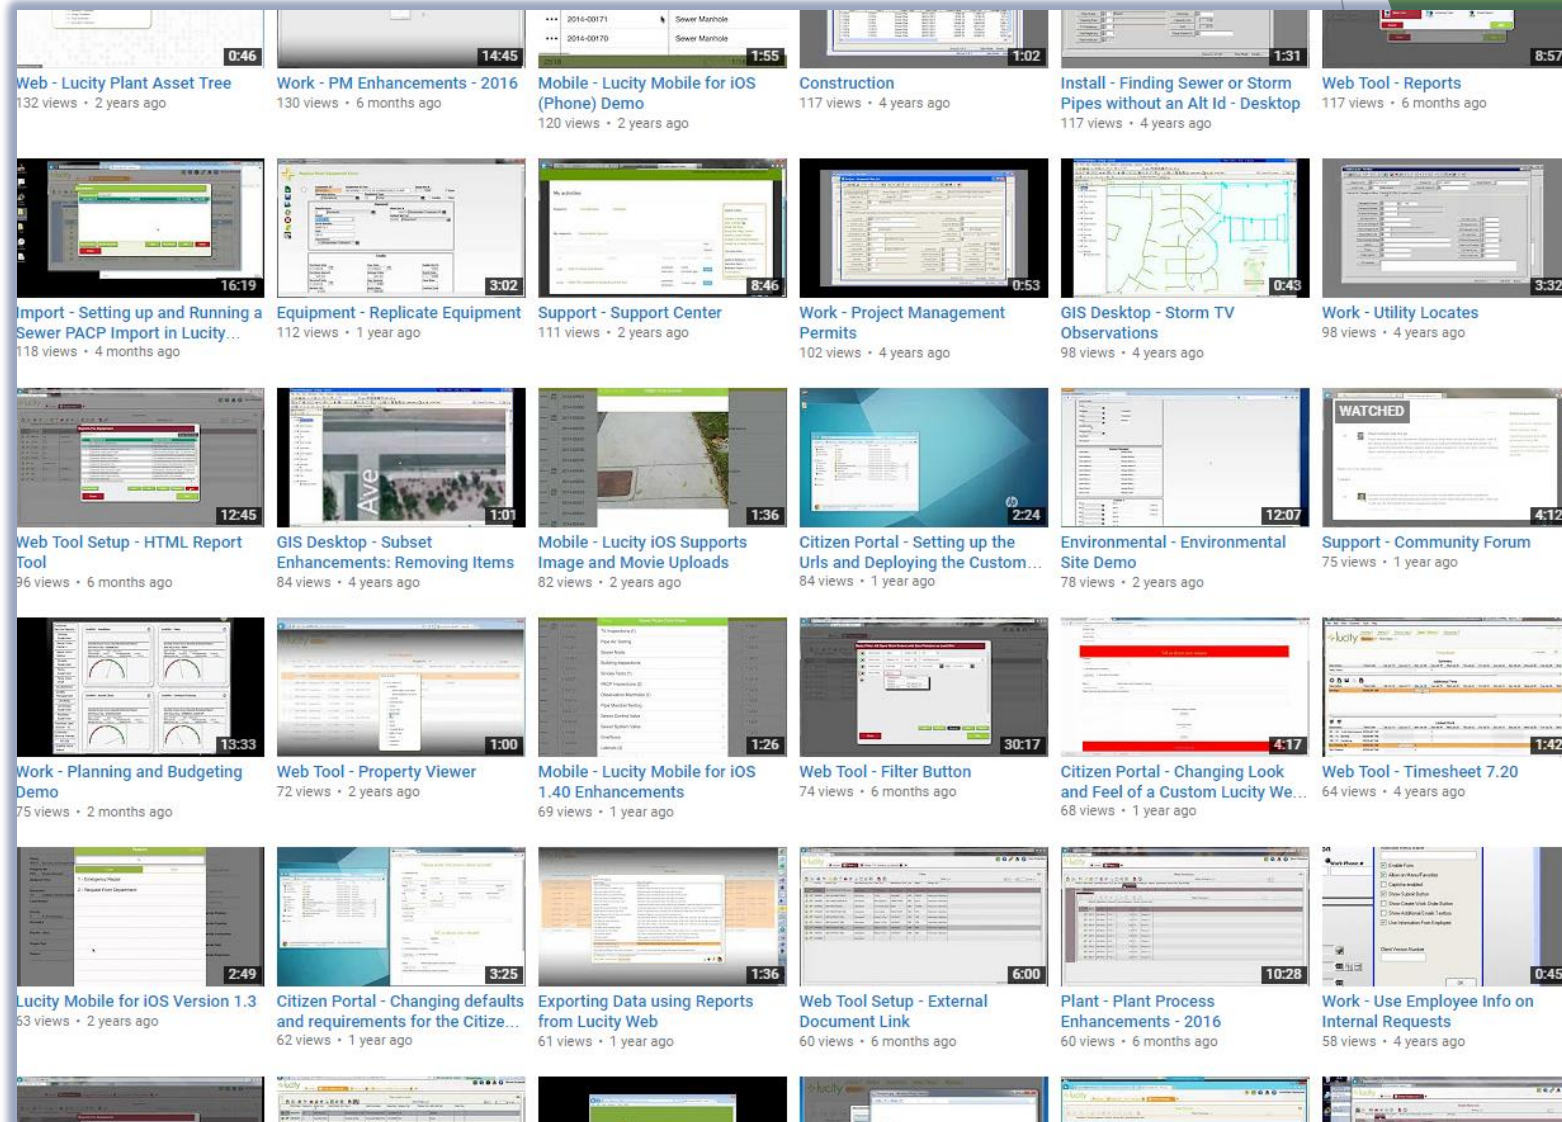

Try to Make it Exciting!

- ▶ Boring Meetings Suck!
- ▶ Give them food
- ▶ Ask Lucity for some SWAG
- ▶ Use a white board to take suggestions during brainstorming sessions

Utilize Lucity's Website

- ▶ Help guides
- ▶ YouTube videos
- ▶ ACT & RUG presentations
- ▶ Release notes

Set Goals

- ▶ Measureable goals for each department
- ▶ Specific goals for each person
 - ▶ Write them down!
- ▶ Check progress at each meeting to hold employees accountable
- ▶ Can goals be incorporated into employee performance reviews?

Examples of Goals we set:

- ▶ Eliminate 50% of the duplicate sewer manhole numbers by the end of the year
- ▶ Run reports to verify work orders that are still open
- ▶ Create a PM template for scheduled oil changes
- ▶ Convert paper copies of backflow preventer inspection forms to digital and enter data into Lucity as companies return their forms
- ▶ Update Work Flow Setup information for each department
 - ▶ Employees, crews, tasks, equipment, materials, etc.

Meeting Attendance

- ▶ Varied based on discussion topic
- ▶ Separate meetings for:
 - ▶ Data entry employees
 - ▶ Managers
 - ▶ Water office customer service
- ▶ A total of 26 different employees attended

Sample Agendas

The background features abstract, overlapping geometric shapes in various shades of green, ranging from light lime to dark forest green. These shapes are primarily located on the right side of the slide, creating a modern, layered effect. The text 'Sample Agendas' is positioned on the left side of the slide in a clean, sans-serif font.

LUCITY ROUNDTABLE DISCUSSION GROUP
CITY OF NEWARK
January 28, 2015
9:00 am

1. YouTube Video
2. Introductions
3. Discuss agenda items for future meetings
4. Future training
5. Any Windows XP or Vista out there?
6. GeoAsset
Internal web address: water-gbagis-01/geoasset3
Public web address: maps.newarkohio.net
7. Roundtable
8. Adjourn

Lucity Fun Fact:

A record can only be edited by one user at a time.
If someone else tries to edit the same record, they will receive a "locked"
message, and they will not be able to make changes to the record.

LUCITY ROUNDTABLE DISCUSSION GROUP
CITY OF NEWARK
February 25, 2015
9:00 am

1. Upgrade from 7.6sp1 to 2014r2. Any problems?
2. Module Toolbar
3. Filters
4. Attaching Documents
5. Reports
6. Subsets
7. Relationships
8. Roundtable/Discussion
9. Adjourn

Lucity Fun Fact:

Lucity began as GBA Master Series (gbaMS) in 1986.

GBA = George Butler Associates.

gbaMS became Lucity in 2011.

The company is based out of Overland Park, KS (Kansas City)

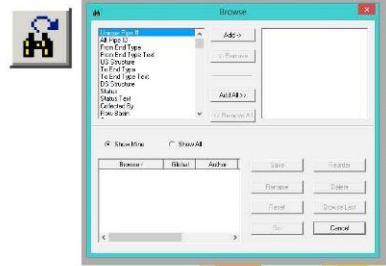

LUCITY ROUNDTABLE DISCUSSION GROUP

CITY OF NEWARK

April 29, 2015

9:00 am

1. Browse tool

- The Browse tool is used for reporting on-demand.
- It allows you to quickly generate a report in table format.
- The top half of the screen is used to create/edit a browse.
- The bottom half of the screen is used to manage/run saved browses.

2. Upcoming *Lucity User Group* meeting – May 12 in KY

3. Preventative Maintenance (PM) Templates Demonstration

4. GeoAsset Reminder

Internal web address: water-gbaqis-01/geoasset3

Public web address: maps.newarkohio.net

5. Roundtable/Discussion

6. Adjourn

Lucity Fun Fact:

- The City of Newark is one of six governmental organizations in the State that use Lucity.
- The others are: City of Columbus, Northwestern Water & Sewer (Bowling Green), Allen County Sanitary Engineering Dept (Lima), City of Wilmington, and the City of Fairfield.
 - We are all part of the Central (Ohio River Valley) Lucity Regional User Group.
 - We meet annually at Sanitation District No.1's office in Ft. Wright, KY.

Results

Was it worth it?

Issues Resolved During Discussion Groups

- ▶ Created best practices for data entry and maintenance
- ▶ Designated one person to call Lucity technical support
- ▶ Created a common place to save attached documents
- ▶ Resolved version upgrade issue
- ▶ Cleaned-up data
- ▶ Created a better understanding of what managers want from employees and what employees can realistically offer to management

Groups Learned How To....

- ▶ Add assets to work orders
- ▶ Create filters
- ▶ Attach documents
- ▶ Run reports
- ▶ Access data themselves
 - ▶ Browse vs Filter
- ▶ Create Preventative Maintenance (PMs) Templates
 - ▶ Scheduled, Grouped, Notification Setup
- ▶ Create subsets
- ▶ Create relationships
- ▶ Use the web map

Questions Arising from Discussions

- ▶ Who is responsible for data entry?
 - ▶ One person in each department or one person for all departments?
- ▶ When to completely delete old data?
 - ▶ Delete pipes removed from the ground and keep pipes abandoned-in-place?
 - ▶ Will deleting work tasks remove them from previous work orders?
 - ▶ Delete retired employees or leave them in the system forever?

Unexpected Results

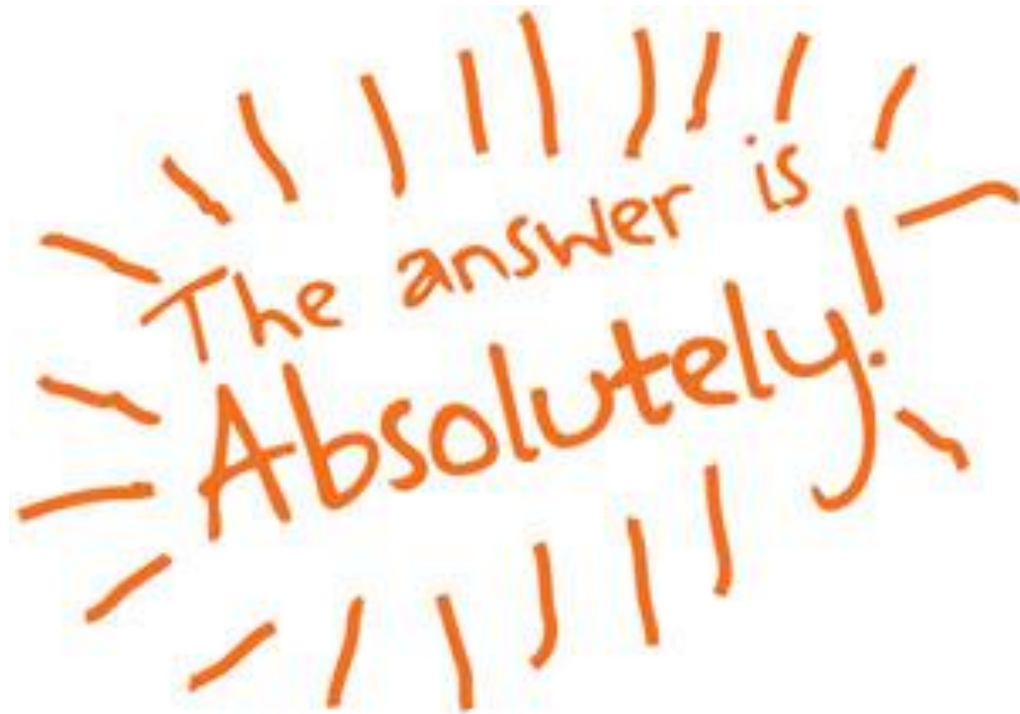

- ▶ Raised overall employee moral
 - ▶ They actually looked forward to the meetings
 - ▶ They realized how much data quality impacts their jobs
- ▶ Presented a need for an intern to help with data entry
- ▶ Presented a need for more custom reports
- ▶ Helped with computer upgrades
- ▶ Development of basic computer skills
- ▶ People are more un-trained than I thought they were

Lucity Cheerleaders

- ▶ Every organization needs one
- ▶ Advocate for data quality, even if you're the only one
- ▶ We're all on the same team
- ▶ Good Data In, Good Data Out

So, Was it Worth it?

The answer is
Absolutely.

Next Steps

Will there be future meetings?

Future Goals

- ▶ Populate these modules:
 - ▶ Sewer and storm nodes
 - ▶ Pavement markings
 - ▶ Master projects
 - ▶ Water mainbreaks
- ▶ Link water service taps to GIS layer
- ▶ Clean up attached documents in water, sewer & storm
- ▶ Map sewer service laterals

The Future of the Meetings

- ▶ Meetings will continue, but not as often
- ▶ Need to continue meetings to remain consistent
- ▶ When new employees are hired
- ▶ As we move toward Lucity web and mobile
